

Adobe® Dreamweaver® CS3: Level 1

Course Description

You may want to make information available on the Internet. To achieve this, you need to create a website. In this course, you will design, build, and upload a website using Dreamweaver.

Course Objective:

You will design, build, and upload a website.

Performance-Based Objectives

Upon successful completion of this course, students will be able to:

- prepare to use the Dreamweaver environment.
- create a website.
- add design elements to web pages.
- work with links.
- work with frames.
- upload a website.
